- Sign-in screen
- Home page (Show events near user) if logged in.
- Search for events
- Create events
- Edit/Delete events
- View Your Private Events (Time Permits: Either list events you have created or ones that you are attending)
- Forgot Password
- Prototype testing
- Continuous integration
- Website
- Friend system
- Filter by event type

User stories:
- **Sprint 1**
  - 3 - As a user, I want to be able to create an account so that I can use the platform.
  - 2 - As a user, I want to be able to sign in so I can use the app and store my information.
  - 20 - As a user, I want to be able to see current events in my area once I log in so that I can know about events happening in my area.
- **Sprint 2**
  - 8 - As a user, I want to be able to create events so that I can share with other people using the app.
  - 5 - As a user, I want to be able to edit and delete events so that I can keep created events up to date.
- **Sprint 3**

- ○ 8 - As a user, I want to be able to search for events so that I can find the ones that I am looking for.
- ○ 8 - As a user, I want to be able to add people as "friends" so that I can see which events they are attending.

Product Backlog
- Recommendation
- Make an app if originally a website and vice versa
- Report button
- Paid events
- Rating events
